

How It Works: SAT®/ACT® Essentials

Reach your target score using our free online practice exams

Preparing for a college entrance exam like the ACT or SAT is no easy task. That's why we've designed this self-paced, personalized course for busy students like you. This service was created by a team of test-prep experts and is available to you right from your Tutor.com account.

Get Started

Log in to your Tutor.com account and click **SAT/ACT Essentials** in the top navigation bar. From there, you can choose to start prepping for the SAT, ACT, or both.

01

Set Your Targets

Start by setting your target test date and your target scores on the home page. This will help you keep on track and moving toward your goal.

02

Take Practice Tests

In the **Practice Tests** tab, you can take a full-length practice test on paper or online. You can use a timer like on the real test or take it untimed to get a feel for what to expect. Retake the test as many times as you'd like and track your progress over time.

03

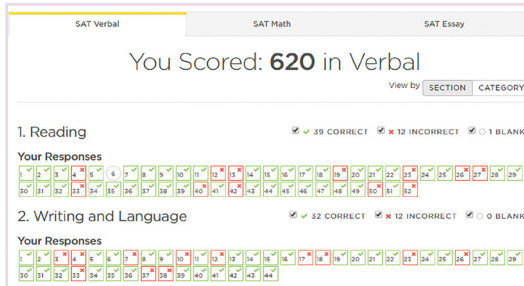

Get Your Score Report

Once you've taken the practice test, view your full score report on the **Practice Test** tab. This shows what you scored overall and what are scored on each section.

Review the **Areas of Focus** section at the bottom of the report to see your strengths and the areas you need to spend more time on. Here you can watch video lessons and take practice drills selected just for you based on your score.

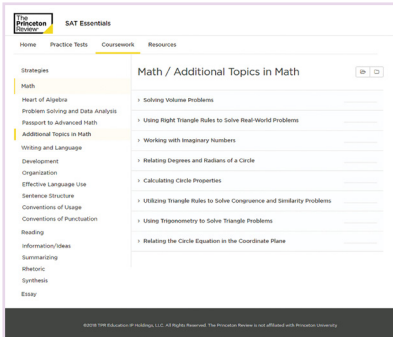

04

Continue Your Practice with Additional Drills and Lessons

Click on the **Coursework** tab to find all of our video lessons and practice drills for each core concept covered on the test.

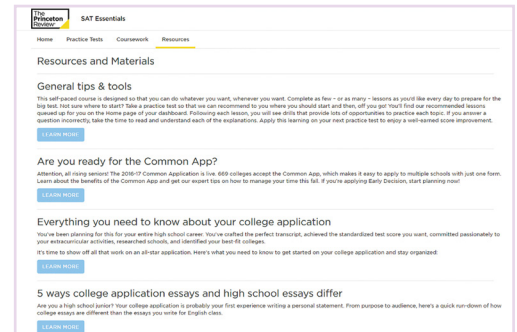

05

Explore Other Resources

If you need help navigating the college application process, writing essays, or applying for financial aid, you can get expert advice from The Princeton Review on the **Resources** tab. We cover topics such as writing a strong essay, using the Common App, and filling out the FAFSA®.

06

Getting into your dream school requires more than a great test score. Use your Tutor.com account to maintain or improve your GPA with one-to-one homework help in a variety of subjects, including AP® classes. Our writing tutors can also help you refine your college application and scholarship essays.

If you're thinking about college, Tutor.com is with you every step of the way.
